Teamspeak 3!

Teamspeak 3 is out and we got a server up and running. The old one is still up but we will use the new TS3 server from now on. It will be shown on the website soon and then the old ts2 will be shut down.

The ip is: 82.182.112.10 and the port is: 9987

The password is the same as on the old one and if you don't know it or just cant remember just ask one of us for it.

Talk to you soon!
